
DIANN, MICHIGAN (Mile 39.8)

Diann is the crossing of the D T & I and Ann Arbor Railway. There is no village there. The crossing is protected by an electric interlocker. The D T & I receiving and hold tracks have a capacity of 32 cars. The two Ann Arbor receiving tracks hold 66 cars.

In 1930 the cars interchanged were:

	From Ann Arbor	To Ann Arbor
F	1666	2265
O	446	764
T	2112	3029
